

YOUR PARTNER IN ELECTRICAL AND LOW VOLTAGE EXCELLENCE

PANDUIT®

SERVICES

For your world-class project, you don't need to look the world over. Shea Electric & Communications, LLC, has partnered with the global leader in the physical infrastructure realm, has become a Value Added Reseller (VAR) and is ready to connect you to systems and solutions that will benefit your business!

PANDUIT

COMPANY OVERVIEW

Panduit is a world-class developer and provider of leading-edge solutions that help customers optimize the physical infrastructure through simplification, agility and operational efficiency. Panduit's Unified Physical InfrastructureSM (UPI) based solutions give enterprises the capabilities to connect, manage and automate communications, computing, power, control and security systems for a smarter, unified business foundation.

PRODUCT LINE

As a manufacturer of network connectivity and electrical solutions, Panduit products are designed to meet a diverse set of challenges from information technology to facilities management. Copper and fiber connectivity, cable management and cable routing products are among the wide-ranging selection exclusively offered through the Panduit line.

PERKS OF PARTNERSHIP

The Shea Electric and Panduit partnership gives end users the peace of mind that the most high-quality connectivity solution or system has been designed and installed by an experienced professional – one that is fully scalable to meet your needs today and in the future.
