

YOUR PARTNER IN ELECTRICAL AND LOW VOLTAGE EXCELLENCE

AVIGILON
THE BEST EVIDENCE™

SERVICES

In our constant quest to provide top-notch service for our customers, Shea Electric & Communications, LLC, has partnered with companies who share that same mission. Teaming up with industry leaders like Avigilon to provide high-quality HD surveillance systems makes good sense. See how this partnership will benefit your business!

AVIGILON

COMPANY OVERVIEW

Avigilon designs, manufactures and markets award-winning HD surveillance systems. The performance and value leader, Avigilon's solutions protect and monitor thousands of customer sites in more than 60 countries around the world. Avigilon Control Center, the world's first open HD Network Video Management Software platform, and megapixel cameras deliver full situational awareness and actionable image detail.

PRODUCT LINE

Specializing in high-definition surveillance products, Avigilon offers versatile software solutions to manage video along with having the largest range of HD megapixel camera and analog video encoder options that offer the best image detail and quality.

PERKS OF PARTNERSHIP

By choosing Shea Electric and Avigilon, you'll benefit from an unmatched level of experience and innovation. We'll help you select the best surveillance system for your business and ensure the most thorough installation. The result is a fully integrated solution – easy to use, compatible with older systems and fully scalable from one camera to 1,000.
